## Message from Course Co-ordinator

Dr. Aruna Jha

---

The college started the Post Graduate Diploma in Global Business Operations in 1999 with a view to prepare managers who look at the world as one global village and factor this into opportunities and challenges in decision-making. Every aspect of teaching-learning has a cross-cultural orientation driven by multi-disciplinary creative problem-solving at GBO. The process is led by core faculty having research and consultancy experience. Many industry leaders come and deliver not only academic courses but also many value-added courses. The latter along with regular industry interaction through talks and live projects make our students industry ready.

The present batch (2021-23) has been admitted to the programme through a rigorous selection process (1:62 is our selection ratio). The students have been trained by renowned faculty and industry practitioners. They have completed value-added courses on the German language, Derivatives, Communication skills, Data analysis and visualization techniques, KPMG lean Six Sigma, besides many more.

We are confident that these assets created by us will deliver the defined corporate tasks given to them with commitment and honesty while taking care of the interest of all the stakeholders. They will also achieve personal excellence while keeping the SRCC flag flying high.

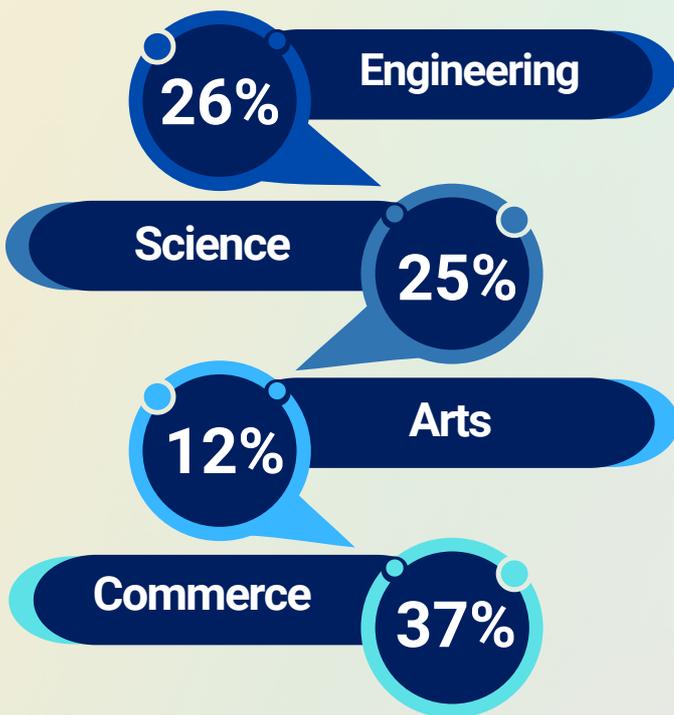

We wish them the very best!
